

# CAREER WEEK 2010

Dear Families/Community Members:

Endeavour's Career Week will be taking place the week of June 7-11 this year. We love having parents, grandparents, family friends, or community members come in to visit with students about their jobs. There are two ways to participate: you may want to come in and talk to an individual class about your work during that week on Mon., June 7, or on Tues., June 8, or you may want to take part in an all day Career Fair that will be held on Thurs., June 10. Participating in either way is getting the message out to our students that the "job" they hold now, which is being a student, is important in order for them to gain the skills needed for a future job. Our goal is to expand our students' vision of the career possibilities that may exist for them, and to help them see how reading, writing, science, and good social skills can help them achieve their future life/career goals.

Please let us know how you might be able to participate:
