Fife School Board Study Session

Transition from “Hybrid Ready” to
“Hybrid Go”

What changed on December 16, 2020?

[Washington State Health Department's "K-12 Decision Tree"](#) (Aug 5, 2020)

[K-12 Metrics and Toolkit](#) (Dec 16, 2020)

For whom should your community provide in person learning?

For School Administrators, Local Health Officers, and Community Stakeholders

The risk of COVID-19 being introduced into the school and spreading depends on the health and safety measures taken by schools and the level of COVID-19 spread in the community. Consider the following educational modalities based on community transmission and other health and education risks and benefits.

COVID-19 Activity	HIGH >350 cases/100K/14 days Test positivity >10% Trends in cases and hospitalizations	MODERATE ~50-350 cases/100K /14 days Test positivity 5-10% Trends in cases and hospitalizations	LOW <50 cases/100K/14 days Test positivity <5% Trends in cases and hospitalizations
Education Modality	<p>Phase in in-person learning in groups of 15 or fewer students for pre-K through grade 5 and those with highest needs.</p> <p>Prioritize Pre-K through grade 3, and students in any grade with disabilities, students living homeless, or those farthest from educational justice.</p> <p>If schools can demonstrate the ability to limit transmission in the school environment, add grades 4-5.</p>	<p>Phase in in-person learning.</p> <p>Prioritize Elementary (pre-K - 5) if they are not already receiving in-person learning, and Middle School.</p> <p>If schools can demonstrate the ability to limit transmission in the school environment, add more high school students when case rates are below about 200/100K/14 days.</p>	<p>Provide in-person learning for all students.</p>
Extra-curricular Activities	<p>Cancel or postpone most in-person extra-curricular activities except those allowed under Safe Start and Governor's proclamations on COVID-19.</p>	<p>Extra-curricular activities must follow K-12, applicable Safe Start protocols and Governor's proclamations on COVID-19.</p>	<p>Extra-curricular activities must follow K-12, applicable Safe Start protocols and Governor's proclamations on COVID-19.</p>
Transition	<p>Across all COVID-19 Activity Levels:</p> <ul style="list-style-type: none">• When trends in cases and hospitalizations are flat or decreasing, and the school can demonstrate the ability to limit transmission in the school environment, expand access to in-person learning• When trends are increasing, pause expansion of additional in-person learning and maintain access to in-person learning for those who have it. Schools are not required to reduce in-person learning or revert to remote learning based on metrics if the school can demonstrate the ability to limit transmission in the school environment.• Consider other health and education risks and benefits to children and their families <p>At any COVID-19 level, transition temporarily to full distance learning for 14 days when school meets criteria in DOH's K-12 Health and Safety Guidance (p 16) or on recommendation of the local health officer.</p>

This gauge is updated daily.

Testing**Percent of Positive Molecular Tests**[Learn More](#)

This graph shows the trend in the percent of molecular tests that are positive for COVID-19 during a one week period. The most recent period is from Dec 22 through Dec 28. The Department of Health recommends a goal of less than 2% test positive.

**Pierce County**

Percent of positive molecular tests for COVID-19 during the past week* **18.7%**

Meeting goals of less than 2% of positive molecular tests for COVID-19 **No**

Supporting detail

Total number of molecular tests the past week **8,459**

Number of positive molecular tests the past week **1,581**

* Metrics updated on 8/25/20. See [Learn More](#) for details

Percent of positive molecular tests for COVID-19 during the past week

--- 2% goal — Average daily tests ● Latest number of tests --- Test data incomplete

Healthcare System Readiness

Adult ICU staffed beds occupied by suspected and confirmed COVID-19 cases

Roadmap to Recovery Report

Washington State Department of Health

January 8, 2021

**New data to be updated and released weekly*

Increasing or high
 Flattening
 Decreasing or low

Phase 1
 Phase 2

Metric:		Trend in 14-day rate of new COVID-19 cases per 100K population ^{1,4}	Trend in 14-day rate of new COVID-19 hospital admissions per 100K population ^{2,4}	Average 7-day percent occupancy of ICU staffed beds ^{2,5}	7-day percent positive of COVID-19 tests ^{1,3,6}
Time period:		11/29–12/12/20 vs. 12/13–12/26/20	12/6–12/19/20 vs. 12/20–1/2/21	12/27–1/2/21	12/13–12/19/20
Region	Phase ⁷ as of 1/11/2021				
East	Phase 1	-28%	+22%	69%	17%
North	Phase 1	-31%	+50%	49%	4%
North Central	Phase 1	-24%	-1%	76%	15%
Northwest	Phase 1	-25%	+22%	87%	6%
Puget Sound Region	Phase 1	-27%	+1%	83%	7%
South Central	Phase 1	-4%	+12%	93%	21%
Southwest	Phase 1	-27%	-2%	73%	16%
West	Phase 1	-1%	+3%	86%	10%
Statewide	N/A	-22%	+8%	80%	9%

¹Data source: Washington Disease Reporting System

²Data source: WA HEALTH

³Data source: WA Department of Health negative labs dataset

⁴Decrease is -10% or more; flat is between 0% to less than -10%; and increase is more than 0%

⁵Low is less than 90%, high is 90% or more

⁶Low is less than 10%, high is 10% or more

Timeline for Hybrid Transition for consideration (pending Health metrics)

- Kindergarten February 1, 2021 (the week of)
- 1st & 2nd grades February 8, 2021
- 3rd, 4th & 5th grades February 15, 2021
- 6th & 7th grades February 22, 2021 (if in Mod. level ~50-350/100K/14 days)
- 8th-12th grades March 1, 2021 (if case rate <200/100K/14 days)

What are surrounding School Districts planning?

- Tacoma K 1/19/21
- Puyallup K-1 1/12/21
- Auburn K-2 2/1/21
- FW K-1 mid- Feb
- Sumner K-2 1/19/21
 - 3-5 1/26/21
 - 6-9 2/1/21
 - 10-12 2/11/21
- UP K-1 2/1/21
- CP K-1 2/1/21
- FP K 1/28/21
 - 1-2 2/8/21
- Steilacoom K 1/19/21
- Vashon K 2/1/21
- Enumclaw K-2 1/11/21
 - 3-5 1/25/21
 - 6-12 2/1/21
- Bethel K-1 2/1/21
